

CASTED-NP

Casting And Splinting Techniques in the Emergency Department

*The “Hands-On”
ED Orthopedics Course
designed specifically for
Nurse Practitioners*

11
04.16
Toronto, ON

“CASTED is exceptional. A thorough review of the principles of orthopedics and how to read MSK x-rays. Good mix of classroom teaching and “hands-on” sessions. **CASTED is highly recommended for nurse practitioners.”**

— Heather Whittle, RN (EC), NP-Adult

CASTED –NP is the ‘hands-on’ ED orthopedics course **designed specifically for Nurses and Nurse Practitioners.** **CASTED –NP** covers the full spectrum of acute extremity injuries that present to our Emergency Departments - reviewing upper and lower limbs, and both adult and pediatric injuries.

Using a combination of case presentations and ‘hands-on’ casting and splinting, **CASTED-NP** will review acute MSK principles as they relate to:

- assessment
- diagnosis
- x-ray indications, orders and interpretation
- management of fractures and soft tissue injuries
- casting, splinting and reduction techniques.

Focus is on cases that are *common, commonly missed* and *commonly mismanaged.* ‘Pearls and pitfalls’ will be passed on throughout the day on how to best manage patients and how to identify the ‘*red-flag*’ patients.

CASTED-NP is presented by **Dr. Arun Sayal**, an emergency physician who also runs a weekly Minor Fracture Clinic at North York General Hospital in Toronto. He has presented over 100 orthopedic workshops and lectures across the country and has received over a dozen teaching awards.

The day runs from **8am - 5pm** with **4 hours of “hands-on”** emphasizing:

- proper immobilization, moulding and positioning
- ED fracture and dislocation reduction techniques
- appropriate use of removable splints

CASTED-NP promises a practical day full of numerous clinical pearls that you will use on your next shift!

Space is limited, so register early to save your spot and take advantage of our early registration discount.

Fees:

\$425 - If registration form and payment received **by** February 1, 2011
